PROFESSIONAL SUMMARY

Full-Stack Developer specializing in AI/ML integration and modern web technologies. Pursuing Master of Computer Applications with AI/ML specialization while delivering production-ready applications using React.js, Node.js, and machine learning frameworks. Proven expertise in building intelligent, data-driven user interfaces and implementing AI-powered features. Experienced in cross-functional collaboration and agile development methodologies.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Tailwind CSS
Backend: Node.js, RESTful APIs, API Integration
AI/ML: Machine Learning, Deep Learning, Data Analysis, Prompt Engineering
Tools & Platform: Git, GitHub, AWS Cloud Architecture, UI/UX Design
Development: Responsive Design, Performance Optimization, Agile/Scrum
Specialization: AI-Powered Applications, Intelligent User Interfaces

PROFESSIONAL EXPERIENCE

Frontend Developer Intern   June 2024 – November 2024
Uncody   *Remote*

- Developed responsive web applications using React.js and JavaScript, contributing to projects serving 10,000+ users
- Built reusable React components using Hooks and Context API, improving code maintainability and reducing redundancy
- Integrated third-party APIs and AI/ML services to implement features like predictive analytics and personalized content
- Collaborated with team members using Git version control and participated in agile development sprints
- Converted Figma designs into responsive, pixel-perfect interfaces ensuring cross-browser compatibility

Frontend Developer Intern   *Duration: 6 Months*
Ypsilon IT Solution Ltd.   *Indore Madhya-Pradesh*

- Developing full-stack applications with modern JavaScript frameworks and implementing best practices for scalable code
- Contributing to code reviews and incorporating feedback to maintain high quality standards and team coding conventions
- Troubleshot UI inconsistencies, state-management issues, and build/deployment errors
- Built reusable components, implemented routing, and ensured responsive design across devices

EDUCATION

Galgotias University
Master of Computer Applications (MCA) – AI/ML Specialization
Artificial Intelligence, Machine Learning, Advanced Software Engineering   2024 – 2026

Sainik Degree College, Prayagraj   Completed
Bachelor of Commerce (B.Com)

Projects

Bar Mocha – Food Booking Website
➢ **Tech Stack: React.js, Tailwind CSS, JavaScript**
- Developed a responsive and clean user interface for a coffee shop website using React.js and Tailwind CSS.
- Built reusable components and implemented smooth navigation with optimized layouts across devices
- Resolved UI issues including layout shifts, image rendering problems, and component-level bugs

AI Chat Bot Website
➢ **Tech Stack: JavaScript, Tailwind CSS, Gemini API,** Vercel.
- Integrated Gemini API to enable dynamic, real-time AI chat interactions.
- Debugged API request failures, latency problems, and network-related issues to ensure smooth functionality.

CERTIFICATIONS & TRAINING

- Microsoft Certified: Introduction to Prompt Engineering with GitHub Copilot
- AWS APAC Solutions Architecture Job Simulation
- Goldman Sachs Software Engineering Job Simulation
- Frontend UI with React.js - Universal Informatics
